

## **Drawings**

The drawings were objected to because reference numeral "12" referring to the lower display was not included in the drawings for FIGS. 9-16. Reference numeral "12" has been added to each of these figures to overcome the objection. Marked-up drawings for FIGS. 9-16 which reflect the proposed drawing corrections are submitted herewith for approval. In addition, corrected formal drawings for FIGS. 9-16 are submitted herewith.

FIGS. 17-19 were objected to because they show one of two displays and do not label by reference number which display is actually shown. To overcome the rejection, FIGS. 17-19 have been labeled with the reference numeral "12" to indicate they are a lower display. Marked-up drawings for FIGS. 17-19 which reflect the proposed drawing corrections are submitted herewith for approval. In addition, corrected formal drawings for FIGS. 17-19 are submitted herewith.

## **Specification**

The specification was objected to because it did not reference which of the two displays, the lower or the upper, is shown in FIGS. 17-19. The objection has been overcome by referencing the correct display in the specification.

Use of the trademark HOLLYWOOD SQUARES has been noted in the application, and objected to unless it is capitalized wherever it appears. The specification has been reviewed and no instance was found where the trademark HOLLYWOOD SQUARES was not capitalized.
